The mother is man's first preceptor (guru). She gives him the physical body. Besides, she gives the father to man. She alone can point the father to the child and draw his love and care toward it. The mother bears, fosters, and molds the child into humanness, so gratitude is due to her first and foremost.

My life is My Message. So I am setting an example of reverence to the Mother. Nature is the mother in whose lap mankind grows. And nature fondles the child and says, "Child (babu), that is your father, see." Though Mother Nature draws attention to God, but the children seldom pay heed. How can they, who do not love the mother that fosters them with affection and zeal, adore the Master of Nature?

This day is Eswaramma Day. The significance of the day is that it is celebrated as Children's Day, a day when little children are to be reminded of the ideal, a day when she presented an ideal. No one can escape death, but the aim of everyone should be to remind oneself of the Divine at the time of death or have some holy or sacred thoughts. The importance of this day is known to many. Kasturi just spoke about it. There is a saying in Telugu, "The proof of the Good is the way they die." Genuine devotion is evidenced during the last moments. – Divine Discourse: 6 May, 1983
